VIEWING YOUR PATIENT LIST

You have the ability to view your patients in a customised list.

1.   Select 'Patients'

2.   Select your date range and sorting options

SEARCHING FOR CASES YOU HAVE REFERRED

You have automatic access to cases you have referred.

1.   In the search box, type the patient's surname, then a comma, followed by the first name

2.   Click the magnifying glass

3.   Select the desired patient

ACCESSING PATIENTS REFERRED BY OTHERS

You can access exams of patients that have provided you with consent. To do so, use the 'Break Glass' feature.
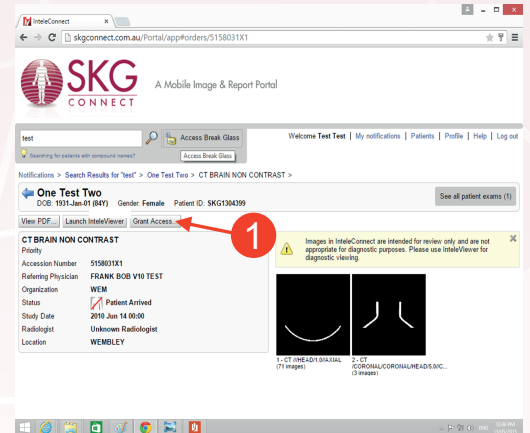

1.   Click on 'Access Break Glass' and follow the prompts

      • Enter patient's SKG ID number <u>OR</u> patient's name and date of birth (YYYYMMDD)

https://skgconnect.com.au/Portal

GIVING ANOTHER REFERRER ACCESS TO YOUR STUDIES

You can give another referrer access to any of your Studies. To do so, use the 'Grant Access' feature.

1.   Once you have viewed the patient, select 'Grant Access' and follow the prompts

VIEWING IMAGES

Note: These images are for Clinical review only, and not for diagnostic purposes.
A case with multiple series will present as thumbnails.

1.   Click on the desired series to view

2.   Use the tools in the table below to manipulate the image as desired

ICON	FUNCTION
